Dearest Hallmarkites

Greetings from Hallmark!

Summer Vacation brings with itself a much-needed breather from hectic schedule. It is the most awaited time meant for relaxation and enjoyment, and if this time is utilised for creative pursuits, it becomes a learning experience.

Keeping this in view, we have designed a few **exciting fun projects/ assignments** to enhance learning skills, help understand concepts better, and make for a **great crash course** aimed at **improving your academic output** as well. These assignments will not only help you **to revise and reinforce what you have learned in school**, but will also enrich your knowledge.

In a nutshell, the Summer Vacation Assignment has been designed to be a **meaningful and creative exercise**.

Important Note:

- These projects/ assignments will be assessed as **Subject Enrichment Activity** to be **added in your Portfolio**.
- **Submit the Summer Vacation Assignment** to the Class Teacher **within a week of reopening of the school**

LINKS TO ACCESS THE DIGITAL CONTENT

'Digital mindfulness isn't about abstaining from technology; it's about using it in a way that supports our well-being and enhances our life.'

Today's generation is App Generation who loves to spend time on screen. There's no contradicting the fact that we live in a world which is dominated by technology. We do understand this but want our Hallmarkites to spend their screen time constructively. Here are the **LINKS to access the DIGITAL CONTENT of all the Subjects for better understanding and revision of the concepts** taught in the class:

A Little Note for Parents

- These projects/ assignments will be assessed as **Subject Enrichment Activity** to be **added in your child's Portfolio**.
 - **Submit the Summer Vacation Assignment** to the Class Teacher **within a week of reopening of the school**.
 - **Make sure your child has a quiet, well-lit place to do homework.**
Don't let your child do homework with the television on or in places with other distractions, such as mobile phones, people coming and going, etc.
 - **Make sure the material your child needs, such as paper, pencils and a dictionary, are available.**
Ask your child if special material is required for some projects and get them in advance.
 - **Help your child with time management.**
Establish a set time each day for doing homework. It will help regulating your child's Body Clock as per the set schedule.
 - **Be positive about homework.**
Tell your child how important school is. The attitude you express about homework will be the attitude your child acquires.
 - **When your child does homework, you too do your work.**
Show your child that the skills they are learning are related to things you do as an adult. If your child is reading, you read too.
 - **When your child asks for help, provide guidance, not answers.**
Giving answers means your child will not learn the material. Too much help teaches your child that when the going gets tough, someone will do the work for him or her.
 - **If homework is meant to be done by your child alone, stay away.**
Too much parent involvement could actually hinder their skills development and lead them to feel incompetent. Homework is a great way for kids to develop independent, lifelong learning skills.
 - **Help your child figure out what is hard homework and what is easy homework.**
Ask your child to do the hard work first. The harder a task is, the more energy and focus we need to complete it. Starting the harder tasks when you are tired is more difficult and often results in putting them off for another day.
- Reward progress in homework.**
If your child has been successful in homework completion and is working hard, celebrate that success with a special event (e.g., a pizza, a morning or evening walk, a trip to the park, star gazing) to reinforce the positive effort.

Best wishes for Happy Holidays!
